

HP POLICE RECRUITMENT 2026 — GROUND MASTER BLUEPRINT

Candidate: ANKUSH | Venue: Police Line Bashing (Kullu) | Target: 12-17 Nov 2026

HIGH JUMP CLEARED (1.25m+)	LONG JUMP CLEARED (4.0m+)	100M SPRINT READY (~14.0s)	1500M RACE TARGET: < 5:30 MIN
-------------------------------	------------------------------	-------------------------------	----------------------------------

1. CRITICAL ANSWERS: SUBAH/SHAAM SPLIT & ROAD RUNNING

Q1: Subah aur Shaam SAME workout karna hai ya alag?

ALAG KARNA HAI! Dono time heavy 1500m intervals KABHI mat karna!

- Subah (MAIN SESSION):** Full Running Workout + Warm-up + Sprints (Police test subah hi hota hai, isliye subah daudna biological clock aur lungs ke liye best hai).
- Shaam (LIGHT RECOVERY):** Sirf 10 min paidal walk/light jog + 4-5 attempts High Jump & Long Jump technique practice + Core (Planks, Squats) + Stretching.
(Agar subah kisi din miss ho jaye, tabhi shaam ko main running karni hai. Ek din mein 2 baar hard running karne se pair jamte hain aur overtraining se stamina girta hai).

Q2: Marathon wale toh Road par daudte hain, toh hum road par kyun na daudein?

Marathon aur Police 1500m mein zameen-aasmaan ka farak hai:

- Surface Match:** Marathon road par hoti hai. Tumhari Police Bharti Bashing ke MITTI / GROUND track par hogi. Mitti par grip aur pairon ka balance road se alag hota hai.
- Speed & Impact:** Marathon runners aaram se (slow jog) 5-6 min/km ki speed se daudte hain aur unke paas 20,000 रुपये ke thick carbon-cushion shoes hote hain. Tumhe 1500m mein **3 min 40 sec/km ki explosive speed** par daudna hai! Road par itni tezi se daudne se **Shin Splints (pindli ki haddi mein chubhan wala dard)** ho jata hai jo 15-20 din theek nahi hota!

2. KULLU COLD AIR & GALA PROTECTION FORMULA

Thandi Hawa Aur Saans Phoolne Se Bachne Ke 2 Master Rules:

- Jibh Taalu Par (Tongue on Roof of Mouth):** Daudte waqt jibh ki tip ko upar daanton ke theek peeche taalu se chipka kar rakho aur hoth halke se khule rakho. Thandi hawa direct gale par nahi lagegi — warm aur moist hokar lungs mein jayegi. Gala 0% sukhega!
- Pre-Run Drink:** Ghar se nikalne se 20 min pehle **1 Cup Gunguna Paani + 1 Chammach Shehad (Honey)** pi lo. Shehad gale par protective layer banata hai. Saath mein 1 Kela ya thoda sa Gud khao (Khali pet acidity ya ulti aati hai).
- Dual Breathing:** Naak + Muh dono se natural saans aane do. 2 kadam saans andar, 2 kadam bahar (In-In, Out-Out).

MINDSET: Pehla 400m body daudati hai, aakhri 400m dimaag daudata hai. Ankush, tu 100% nikalega!

3. 10-DAY ACCELERATED 1500M TIMETABLE

Din	Subah (Main Running Workout)	Shaam (Recovery & Jump Maintenance)
Day 1 (Base)	Track ke 3 round (1200m) slow continuous jog. Rukna mana hai. + 3 min rest + 2x 100m Strides.	15 min walk + High Jump 4 attempts + 20 Squats.
Day 2 (Lungs)	Track ke 4 round (1600m) continuous rhythmic jog. Breathing rhythm pakad kar chalo.	Light stretching + Long Jump approach run practice.
Day 3 (Intervals)	400m x 3 rounds (Har round 1:35 min target). Beech mein 2 min paidal walk rest.	Plank (60 sec x 2) + Calf raises (25 reps x 2).
Day 4 (Speed)	100m ke 3 explosive sprints (Target: ~13.5s) + 400m easy jog finish.	High Jump & Long Jump confidence check (2-3 jumps).
Day 5 (Tempo)	800m fast pace (Target: 2 min 55 sec) + 3 min rest + 400m strong finish.	Light jogging + Hamstring & Quad static stretching.
Day 6 (Endurance)	400m x 4 rounds (Har round 1:30 min target). Beech mein 90 sec rest.	Upper body & core workout (Pushups + Squats).
Day 7 (REST)	COMPLETE REST (NO RUNNING), Sarson tel maalish + Garam paani.	Full rest. Sleep 9 hours.
Day 8 (Benchmark)	1200m (3 rounds) Fast Timing Check. Target: Under 4 min 20 sec!	Walk + Jumps form review + Deep stretching.
Day 9 (Active)	2 round easy jog + 100m sprint form check + full flexibility drills.	Mental focus + Kit inspection (shoes/socks).
Day 10 (TRIAL)	OFFICIAL 1500M TRIAL WITH STOPWATCH (Target: < 5:30 MIN)!	Victory walk + Celebration!

4. WARM-UP, STRENGTH EXERCISES & DIET

PRE-RUN WARM-UP (10 Min): • Neck & shoulder circles (1 min) • Hip rotations & torso twists (2 min) • Leg swings front/back & side (15 reps) • High Knees & Butt Kicks (30s x 2) • Ankle rolls & calf bounces (2 min)	POST-RUN STRENGTH (10 Min): • Deep Bodyweight Squats: 20 reps x 2 • Calf Raises on step: 25 reps x 2 • Walking Lunges: 15 steps (Jump boost) • Core Plank: 60 seconds x 2 sets • Static Stretches (Hamstring, Quads)	DAILY RECOVERY DIET: • Post-run: Bheege kaale chane + kishmish + 2-3 ande (ya doodh/paneer) • Hydration: 3.5 - 4 Litre paani din bhar • Night: 1 glass gunguna haldi doodh (turmeric milk) with black pepper
